Fire Runs

	June 2019	June 2020
Total Responses	182	200
Structure Fires	2	4
Vehicle Fires	2	1
Trash / Rubbish Fires/ Grass	4	5
EMS Backup / Medical Responses	128	130
Hazardous conditions	7	26
False Alarms	9	4
Misc. Responses	30	30
Mutual Aid	0	0

COVID-19 Responses started an uptick again. The average number of calls started to increase the last few days. There was a substantial increase in our call volume over last year, this time. The far majority of patients treated and/or transported were residents, much more so than the same time last year. While our average response time to all calls is 6:57 (min:sec), an increase of approximately 33 seconds, the total percentage of calls we reach in less than 8:00 (min:sec) has decreased from 79% to 69%. This will also be monitored to identify issues that delay responses.

The chute time, or time from dispatch notified fire department until fire department unit's enroute to the call have increased approximately 12 seconds over all runs for 2019. This small increase is notable as crews are required to take more time to get appropriate PPE ready and in place for COVID type responses. We will continue to monitor this trend. Our time on scene and transport times have all stayed within a similar time frame as previous years. Our structure fires are down from the previous two years total for the first half of 2020.

Public Works Department Report June 2020 Data

Water Reclamation

Total Gallons Treated 2020 35.15 Million Gallons
 Total Gallons Treated 2019 35.08 Million Gallons

Monthly Safety Topic	Work Zone Safe-ty	COVID-19 Aware-ness

1. Repaired Utility cuts, work done on seal coat preparation & a few pot holes.
2. Cleaned storm drains from one side to the other
3. Swept the downtown area, some of the seal coat streets, and a couple of requests.
4. Put up 3 new traffic signs, repaired 2 and setup traffic devices for the water dept.
5. Performed a structure demo at 2710 w 4th
6. Performed some ground spraying treatment, checking traps, did larvicide treatment, and cleaned the medians up with the weed eater.
7. Hauled about 16 loads of material to the Civic Center from the landfill.
8. Installed the bed liner, headache rack, and the light bar on the new vector truck, cleaned up the bucket truck, and did some minor repairs on our equipment trailers.
9. Maintained a few unpaved roads, called in utility locations and went marked them off in the ditches that are scheduled to be cleaned.

Unger Library Report June 2020 Data

M-F 9:00 AM TO 6:00 PM SAT—SUN: CLOSED

The Library reopened to the public on June 1, 2020 along with the rest of the city departments. Certain policies went into effect.

Curbside checkout remains a service

Patrons cannot stay in the library more than one hour per day. They are encouraged to “grab and go” – in other words, find their materials, check them out, then leave within the hour.

Only three computers are available and those are by appointment only. There will be 30 minutes between appointments to allow for sanitization of each workstation.

Masks are required.

Because of the difficulty in sanitizing, no newspapers or magazines will be available.

No chairs are available for seating except by appointment and with appropriate social distancing.

The meeting room closure continues.

Notary services are available.

The copier will not be publicly available but the staff will be glad to do copying at the same rate.

Books quarantined for 3 days after return before being available again for checkout.

Social distancing is required.

Use of Overdrive e-books and streaming audio books continues to be encouraged. Usage continues to be high for both formats.

Curbside checkout continues to be popular, as is the online order form for ordering the books.

The new Young Adult (Teen) area continues to take shape. We have begun the process of moving the identified books up to the mezzanine where the area is located. Although most of the book reclassified as young adult were located in the juvenile section, we have also identified certain books in the adult fiction and nonfiction sections for appropriate for reclassification and removal to the new area. We plan to have a “grand opening” of this area at some point in the future, depending on when we are finished and depending on when we can have larger gatherings in the library.

The spring blood drive held in June (instead of May due to the COVID-19 threat) was a success in spite of the lower than usual participation. The Vitalant employees tested each participant for fever and other COVID-19 symptoms before allowing anyone to give blood.

The Summer Reading Program had a number of registrants in each age grouping except for high school. Approximately six adults signed up to read. Every participant is keeping track of the reading through the ReaderZone app. When finished the Library will be able to determine who read the most minutes during the eight weeks of the program by their groupings and will award prizes and certificates in August. Although programs are not available in person, we have been able to get some of the programming through virtual means, such as the two programs presented by the Science Spectrum on June 23rd and 30th. Zoom meetings are being proposed for book discussions for the adults, and for the other age groups.
