In November, the landfill staff stayed on task and continued to pick up solid waste through the Covid pandemic. The solid waste department asks that all residents continue to bag and tie their trash and make sure the lids to the dumpsters are closed. If your dumpster lids are missing, call the landfill at 806-296-1118, and we will get the lids replaced. This is a small part of creating a healthy environment.

### LIBRARY HOURS

M-F : 9:00 AM TO 6:00 PM | SAT: 9:00 AM TO 5:00 PM | SUN : CLOSED

COVID-19 continues to inform what we do in the Library. The Monday prior to Thanksgiving, along with other City offices, closed again to the public as the numbers increased again. Reopening date is unknown at this time. As a result our statistics will be slightly lower as we lost one week in November.

Curbside service is again being offered, along with many other services where the public can decide on books to check out. We plan on pushing OverDrive again, so patrons who have the ability can download e-books and e-audiobooks for reading and listening. We did see some uptick in usage as regards to Curbside.

We ordered two rows of taller shelves and one was installed before that employee had to quarantine. We have already moved the books back onto the shelves and then we shifted books from the next set of shelves as far as we could go. The second set of shelves are to be installed as soon as someone is available. The crowding is already being alleviated and once the second row is installed we see a great deal more space.

We are again working on reclassification projects, along with several others. We anticipate receiving a set of file cabinets from the Estacado Museum for the historical archives. We hope to begin the organization of the archives as soon as possible, possibly before the end of the year but most likely in January. The file cabinets will be moved over as time permits, probably after the new year. Once locks are installed on those cabinets we will begin moving the organized archives into those drawers.
