Unger Library Report February 2022 Data

LIBRARY HOURS

MTWF: 9:00 AM-6:00 PM | TH: 9:00 AM-8:00 PM | SAT: 9:00 AM – 5:00 PM

The Library continues preparations for the Summer Reading Program, including booking several programs. A puppeteer who has received a grant to travel our region of the state approached us about presenting a program for the summer reading program, and her presentation will use the theme of “Oceans of Possibilities.” Other programming includes Andy Mason Music, a repeat performer from years past, but one who has not been able to visit the library since 2019. Other programming is being developed.

We noted in the January report that there had been an incredible increase in the number of database searches that month, and wondered if the trend would continue. It has. In February, there were almost 2,000 more searches than in January. The number of periodicals accessed was nearly the same although there was a drop in the e-book usage through the databases (this number does not include OverDrive). There has been a noticeable increase in Wayland students using our library to study, so it is possible that is where much of the increase comes from. We will continue to monitor and see if this trend continues.

The Library was unable to have a February 2022 Library Board meeting as all appointments had not been completed, but we did find out who the three new members would be by the end of the month.
