	Safety Class	New PreTrip-Post Trip inspection procedures	

In August, the landfill crew worked on wind-blown paper pickup and cutting tires.

Trash routes ran as normal until much-needed rains came at the end of the month.

The Recycle Center continued to increase production. We have seen an uptick in community service workers returning to the Recycle Center to earn hours.

In August, James McGee trained all route drivers on a new digital pre-trip and post-trip inspection system. Drivers access an app where they complete the inspection process for record retention and issues are automatically relayed to supervisors so any needed repairs can be resolved quickly.

LIBRARY SUMMER HOURS

MTWF: 9:00 AM-6:00 PM | TH: 9:00 AM-8:00 PM | SAT: 10:00 AM – 2:00 PM

The Library activities held steady during the month of August in spite of people getting ready for the beginning of the new school year. One notable statistic is the number of patrons now using OverDrive. Twenty-two people signed up during the month of August and for the first time we went over 414 “checkouts” of electronic books. Audio book usage was also up from July.

Preparations are being made to re-institute the weekly Story Time for preschoolers and the projected date is September 14, 2022. The Library has also been in discussions with the Literacy Council to once again hold “First Thursday” in the Library, beginning in October.

The Chief Librarian attended a Texas State Library webinar announcing major changes in the TexShare Databases. These changes will be reflected in our statistics since all EBSCOhost databases, with one exception, are being replaced by Gale Cengage databases.

Also, at the end of the September the Library will be doing a patron record purge. Any cards that expired five years and more will be deleted from the system at that time. The State Library requires a purge every three years, and it has probably never been done here considering the large numbers of patrons registered at this time.
